VOLUME 1. MARYVILLE, MISSOURI, WEDNESDAY, MAY 17, 1911 NO. 292.

TO GO OVER ROUTES

OF THE "SAINTS HIGHWAY" ON FRIDAY, THE PATHFINDERS SAY.

FORMED ORGANIZATION

In Nodaway County at Good Roads Meeting Held Tuesday Afternoon By Electing Trustee.

At the good roads meeting Tuesday afternoon, a permanent organization of Nodaway county was effected by electing five trustees, as follows; E. C. Wolfers, Sr., of Hopkins; J. P. Scowden of Orrsburg neighborhood, G. B. Roseberry and Nick Sturm of Maryville, and George Daniels of Barnard. The trustees elected G. B. Roseberry chairman, E. C. Wolfers secretary and Nick Sturm treasurer. Mr. Roseberry being chairman of the board of trustees, will also be a member of the executive board of the Des Moines and St. Joseph Highway association.

The pathfinders, H. R. Reynolds of Bedford, Ia.; E. L. Philpot of Sharpesburg, Ia., and L. T. Martin of Lenox, Ia., will go over the proposed routes from Des Moines to St. Joseph on Friday. As the route from Des Moines to Bedford has already been adopted, all that remains is the adoption of the route from Bedford to St. Joseph.

Three roads are entered coming into Maryville. One is the west Pickering-Maryville road, the other is the road from the Burlington depot north to Maryville, and the other is the "Ridge road" from Bedford to the state road. The "Ridge road" does not take in Hopkins.

The report of the pathfinders committee is to be made to the executive board of the general organization, and if acceptable, they will adopt such report.

Hopkins has $1,000 in sight for fixing up the road near that town. More can be had, they say, if necessary. The people interested in the "Ridge road" have raised about $800.

A discussion of the sign boards to be used was had, and it was decided that a board about three feet long and eighteen inches deep be used, and that the words "Saints Highway" be printed instead of the Des Moines-St. Joseph Highway.

The meeting Tuesday was largely attended and great interest is being taken in the proposed highway, not because of having one road in good shape, but because of awakening an interest among the farmers toward the good roads movement.

Herschel Cast to Wed.

Colonel and Mrs. Lancelot Minor of Newport, Ark., have issued invitations to the marriage of their daughter, Miss Minnie Ferguson, to Herschel Cast of Swiston, Ark., May 30, 1911, at 8 o'clock p. m., in St. Paul's Episcopal church at Newport.

The bridegroom-to-be is the son of Mr. and Mrs. Joseph Cast of this city. He is cashier of the bank at Swiston, and is another of Maryville's young men who are making good. Mr. Cast will bring his bride to Maryville soon after their marriage. They will attend the commencement exercises of William Jewell college at Liberty, Mo., Mr. Cast being a member of the Alumni aasociation.

"Hiked" to Bedison.

The Conservatory graduating class had quite a picnic experience last Saturday evening. Laden with generous lunch baskets they set out about 4:30 o'clock on a tramp for flowers along the Wabash railway, intending to return by dark. They ate their lunch in a nice grassy place not very far away, then some one said, "Let's go to Bedison." And off they trudged, nine miles, to ride back on the 7 o'clock Wabash passenger. As they neared the end of their journey, the rumble of a train attracted their attention and the ylooked up just in time to see the passenger go around the bend on its way to Maryville. As you know, there is but one boy in the class. What was he to do with five girls on his hands! He had walked nine and one-half miles, too, and, though strong and ruddy, he wasn't feeling fresh enough to play the gallant to more than one girl. But he bethought himself suddenly of a friend with an automobile, and it was not long before the whole party was rescued and tears wiped away from feminine eyes.

Aid Society Meeting.

The Aid society meeting of the First Presbyterian church will be held Friday afternoon instead of Thursday afternoon, as previously announced, at the home of Mrs. S. G. Gillam.

Played for Assembly.

At high school assembly Monday Harry Kissinger and Frank Cummins gave piano numbers that are well spoken of. The former played "The Star of the Sea," by La Madona, and the two piano selections by the latter were an "Impromptu Valse" and "First Valse."

Charivari Party.

Mr. and Mrs. Fred J. Yeomans were visited by a charivari party Tuesday night at their home, 307 East Edward street, and by feeding the multitude they got rid of their tormenters very easily.

Royal Neighbors Meeting.

The Royal Neighbors will meet socially Thursday afternoon in the M. W. A. hall. Refreshments will be served.

Married at Parsonage.

Miss Lulu Holt, the eldest daughter of L. R. Holt of this city, and Professor Lacy Thompson Hooker of Chicago were united in marriage Wednesday mornng at 11:30 o'clock at the home of the officiating minister, Dr. L. O. Bricker of the First Christian church. Relatives and only intimate friends witnessed the ceremany, and included the bride's father, L. R. Holt, her brother and sister, Jack Holt and Miss Edith Holt; Dr. and Mrs. A. T. Fisher, Robert Fisher, Miss Hermoine Fisher, Mrs. Frank Armstrong of Claremore, Okla., and Miss Eleanor Canney of Kansas City. The wedding party left immediately on the noon Burlington train for their home in Chicago, at 25 North Forty-fifth avenue, which is all ready for their occupancy. The bride and groom were met at the Burlington station by a number of the Sigma Delta Chi sorority girls, who saw to it that they went off in real bride and groom style, showering them with rice, snowballs and wild grape blossoms, putting the proper labels on their baggage and decorating the seat they occupied in the car with placards. The bride, who is one of Maryville's sweetest girls, wore a most becoming traveling suit of navy blue serve. She is one of our most accomplished musicians, and will be greatly missed socially as well as for her talent as a musician. She is a graduate and postgraduate of the Maryville Conservatory of Music, and a graduate of our high school, and also studied a year at the state university. Her musical studies were commenced in her childhood under the instruction of her husband, who began his profession in this city. Professor Hooker now has a studio in Kimball hall, Chicago, where he has been successfully engaged in work for several years. He is a son of Rev. Hooker, who was at one time a well known Methodist minister in this section of Missouri, but is now living with his family at LaGrange, Ill. The happiest wishes of many friends are with them for a long life of happiness and prosperity.

For Hopkins Guests.

Mrs. Lafe Allender gave a six-course luncheon Tuesday at 1 o'clock in honor of Mrs. Edward Wolfers and Mrs. Charles Donlin of Hopkins. The color scheme of green and white was carried out in the table decorations, sweet peas forming the center piece. The favors were dainty sachets, decorated with sweet peas and tied with ribbons. After luncheon the guests went to the home of Mrs. William Wallis, Jr., where they spent the afternoon at the party given for the honor guests by Mrs. Wallis, Sr., Mrs. Wallis, Jr., and Mrs. Allender. Mrs. Allender's guests included: Mrs. Wolfers, Mrs. Donlin, Miss Bertha Beal, Mrs. Fred Robinson and Mrs. Will Wallis, Jr.

Mrs. Allender entertained at luncheon again on Wednesday. Her guests were her mother, Mrs. William Wallis, Sr., and mother-in-law, Mrs. J. C. Allender; Mrs. Edward F. Wolfert, Mrs. George B. Baker, Mrs. Ferdinand Townsend, Mrs. Joseph Jackson, Jr., and Miss Allie Beal. Mrs. M. J. Honnold was hostess to the M. I. Circle Tuesday afternoon at the home of her daughter, Mrs. Geo. P. Bellows. Devotions were led by the president-elect, Mrs. W. A. Bailey. Current events formed interesting responses to roll calls. Mrs. M. M. Deming gave a series of interesting readings, and Mrs. William Funk conducted parliamentary drill. Mrs. Walter Mutz was chosen secretary of the Circle instead of Mrs. J. F. Douglass, who resigned on account of ill health. During the afternoon light refreshments were served, and at the close of the program Mrs. Bellows favored the guests with several fine numbers on her Victrola. The Circle will not meet again for a month, as the time for the next meeting falls on Decoration Day. The annual picnic will be held at the next meeting, on the lawn of Mrs. F. M. Martin.

WRITES OF HIGHWAY

AND WOULD LIKE TO KNOW IF IT WOULD BENEFIT HOPKINS.

NEWS OF THAT COMMUNITY

As Written By Our Correspondent—Speaks of the Hopkins Schools.

This "Saints Highway" that we hear so much about is getting to be quite a proposition, and we sometimes wonder if it will really be of any benefit to a town. Of course, to those people who can afford to own an auto and want to run down to St. Joseph for Sunday morning services or to the theater in the evening, it will be very nice. Or even to those people who would like to "go to Maryville every fifteen minutes" it would be very nice. But what about we poor sinners who can't afford to buy an "Elmore?" Won't it be a temptation to us to sell and mortgage everything we have so that we can go to Maryville whenever we want to?

As a citizen of Hopkins we would like to see the road go through here—that is, if it will be a benefit to the town, but personally, as a business proposition, we would like to see the "Ridge" get the road. We ought not to be selfish, and think of the years the farmers have driven over the hills to get to town to do their trading. If they could have a good hard road to Maryville, what a change it would be to jump into an auto and run down to Maryville or up to Bedford, and back again in a couple of hours. In that case, Hopkins, Sheridan and Parnell would be off the map, so far as the Ridge people would be concerned. They are certainly the ones that need the road, whether they get it or not, remains to be seen.

Hopkins is not so slow as some people seem to think. In the past years we have sent some pretty bright representatives out into the world, and we often hear of this boy or that girl "making good," and we rejoice that it is so.

This year we have occasion to be especially proud of our young people. We send to Maryville as class orator for the high school Merril Otis, one of the most brilliant orators (we were tempted to say the most) ever graduated from the State university.

At the university we have Harry McIntire, who won a scholarship by strict attention to the work in which he is interested.

In the senior class of our high school we have possibly the most unique class in the state, consisting as it does of one girl and six boys. The one girl, Mildred Clare Wolfers, is already well known as the "girl poet," having published a volume of her poems at the age of 16 years. The six boys are all bright, clean boys, and we believe they each expect to take a university course.

In the eighth grade commencement, to be held May 25, we have a splendid class of boys and girls, who have done extra good work the past year under the teaching of Miss Della Nash. At the rural commencement, given May 6, we had some as good work as could be found anywhere. The star pupil of the county, Miss Lela Russell, also the second best, Miss Bessie Proctor, being among the number. Willie DeVore, also of Hopkins, took fourth place in the county.

Too much cannot be said in praise of these young people, and also of their teachers, Miss Ella Ford and Miss Cloe Jeffries, who, by the way, are both Hopkins girls.

If any one is inclined to believe that these two little girls, who won over two hundred others in the county, are so devoted to their lessons that they haven't time for anything else they are badly mistaken, for in the exercises Miss Proctor played the piano very nicely, and Miss Lela Russell's friends all know that she won the $10 in gold at Maryville last fall for the best white cake.

As we said before, we are not so slow, and if any one has a notion of casting even a suspicion of a slur at our little town, just tell them to "hoid their breath and count ten."

Rehearsals for the home talent play to be put on the evening of Decoration Day commenced in good earnest this week. The name of the play, "Down in Dixie," gives one an idea what to expect, and we understand it is the best play ever undertaken by our people.

The proceeds of the entertainment will be devoted to the improvement of the cemetery, and as it is such a good cause we hope every one will take an interest and do everything in their power to make it a success.

The class sermon to the graduating class of the high school will be delivered by Rev. Osborn of the Baptist church, at the Christian church Sunday evening, May 21. A special chorus of some of the best voices in Hopkins is being trained by Mrs. Mason for the occasion.

Mr. and Mrs. Arnie Douglas and son John spent Sunday in Bedford, the guests of Mrs. Douglas' mother, Mrs. Wheeler, and other relatives.

Mrs. H. C. Goodson and little son, Clifford, and Mrs. Bess Goodson went to Ravenwood Saturday for a short visit with Mr. and Mrs. Madison Goodson.

Mr. and Mrs. Roy Wolfers of Pickering were in Hopkins Monday evening, coming up in their new car.

The first of the two club parties to be given by the Salad club will be at the home of Mrs. Ed R. Brown Friday afternoon.

Mrs. Arthur McMaster entertained a number of the high school pupils at her home in North Hopkins, last Thursday night, complimentary to her brother, Frank Sargent.

The evening was spent playing dominoes, dainty refreshments were served and the young people left at a late hour thanking Mrs. McMaster for a very pleasant evening.

We understand Felix Brown has the "autocitis" in very bad form.

POST GRADUATE PIANO RECITAL

The post graduate piano recital given Tuesday night at Conservatory Recital hall by Miss Eva May Davis was very interesting and entertaining. All the numbers Miss Davis gave were highly creditable. Her interpretations of the great master, Beethoven, were exceeding pleasant to hear, and especially satisfactory to Director Landon.

The two vocal numbers sung by Miss Marie Jones and Mr. Orlo Quinn were especially interesting, because the music to the words was written by Miss Davis. The first song was Tennyson's "Crossing the Bar," and the second "O, Love That Will Not Let Me Go," by George Matheson. The music was in fine accord with the sacred spirit of the words, and the accompaniments were well executed by their writer. The program was as follows:

Beethoven—Sonata.....Op. 31, No. 2
(First movement.)
Chopin—Etude.....Op. 10, No. 5
Chopin—Valse.....Op. 34, No. 2
Songs—(Composed by Miss Davis.)
"Crossing the Bar,".....
.....Sung by Mr. Orlo Quinn
"O, Love That Will Not Let Me Go"....Sung by Miss Marie Jones
Eva M. Davis—Three Short Pieces:
Prelude .....
Allegretto .....
Lullaby .....
McDowell—Hungarian...Op. 39, No. 12
Schumann—Whims .....

Generally fair and continued warm tonight and Thursday.

The beginning of eye troubles

Usually come very gradually. Often for years there are indications that the sight is failing. It's a great mistage not to heed these first signs. Those who get glasses at the first indication of something wrong miss a lot of suffering. But no matter in what shape your eyes are in, there is always relief at our optical department.

Why Stuff Our Guests?

J. Pierpoint Morgan has done much for art and much for finance. And now, by a cry of revolt uttered in Paris, he has done much for overfed and gastronomically oppressed mankind—particularly, oppressed public men. As a correspondent, who had not succeeded in gaining any interview of importance, turned to go, he overheard Mr. Morgan say to a friend who was in the room:

"Yes, a game of bridge or anything you like; only, for heaven's sake, don't give me anything more to eat—no banquets and no course dinners. I am sick and tired of this eternal eating."

Mr. Morgan has struck a real note. It is the American way, and it is the way of all the polite and prosperous world, to force food and liquid down the throat of every public and quasi public man, as the foremost indispensable, inevitable means of entertainment. Why must we stuff our guests? Why can we not delight in a man's intellect without first assailing his digestion? To some, food is a necessity. To others it is a luxury. To still others it is a penance. Most men like moderate dining.—Boston Advertiser.

Good News for Catarrh Sufferers.

So many hundreds of catarrh victims who have taken the Hyomei treatment, have written us letters thanking us for publishing our method of taking the Hyomei vapor treatment in connection with the inhaler that we gladly publish it again.

The vapor treatment is especially recommended in stubborn cases of chronic catarrh of long standing, but remember that the inhaler should be used daily as usual.

This treatment only takes five minutes' time before going to bed. Pour a teaspoonful of Hyomei into a bowl of boiling water, cover head and bowl with towel and breathe for several minutes the vapor that arises.

You will be surprised at the result of this treatment; it makes the head feel fine and clear; you will sleep better, and that stuffed up feeling in the head will gradually disappear.

This method will break up the worst cold in the head in one night.

A bottle of Hyomei costs 50 cents at the Orear-Henry Drug Co., who guarantee it. Complete outfit, which includes the little pocket inhaler, costs $1.00.

No stomach dosing; just breathe Hyomei and cure catarrh and all diseases of the breathing organs. Free trial bottle by addressing Booth's Hyomei Co., Buffalo, N. Y.

The ladies of St. Patrick's church will hold a market at Raines' store, south Main street, Saturday, May 20. Please patronize. Benefit St. Patrick's school. 12-18-19

A CORROBORATION.

Of Interest to Maryville Readers.

For months Maryville citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills, by residents of this locality.

Would these prominent people recommend a remedy that had not proven reliable?

Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement?

No stronger proof of merit can be had than cures that have stood the test of time.

The following statement should carry conviction to the mind of every Maryville reader.

G. S. Kemp, R. F. D. No. 1, King City, Gentry county, Mo., says: "I give Doan's Kidney Pills my endorsement and I willingly confirm the statement I made in their favor some years ago. This remedy has been of great benefit to me and I advise other kidney sufferers to give it a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Dr. P. Nesbitt, B. Goff and daughter, Miss Lola, and T. L. McHugh of Sheridan were guests of Mr. and Mrs. G. W. Boatman on Monday.

WILCOX.

[As will be seen from the correspondence below, our regular correspondent denies the authorship of the letter which appeared last week. We are very glad she has done this, for, while the letter was published by us in good faith as coming from her, the items therein were without foundation in fact and were undoubtedly inspired by malice. We very gladly make this statement in justice to our correspondent and to the parties mentioned.—Ed.]

We would have our readers distinctly understand that we were not the writer of the items which appeared in the recent issues of this paper. The writer should make himself known.

F. E. Saltzman of Grand Island, Neb., was here over night at the Crawford home, while on his return home from a business trip to St. Joseph.

We had an electrical storm of short duration here Wednesday evening. A scythe hanging in a tree in Joe Crawford's yard was struck by lightning. The handle was cut from the scythe and splintered, and left the steel blade hanging in the tree.

CHILDREN'S HAIR.

Keep It Free from Dandruff and It Will Grow Lovely.

Being the best hair dressing for men and women, Parisian Sage is also best for children. Try it once and see how clean and healthy it keeps the scalp.

"My daughter used Parisian Sage on her children's hair, and it is as good as you recommend it to be."—Hannah Anderson, 1021 Divine street, Columbia, S. C.

Here is what a North Dakota woman says:

"Parisian Sage certainly has done my hair a lot of good, and will highly recommend it as a very good tonic for the hair. Have used various kinds of tonics and have found Parisian Sage the best. I have my head free from dandruff now, and it has a healthy luster and has an even color. It used to be streaky. Many of my friends are using it and they speak highly of it."—Mrs. Anna Rooney, 191 Second street, N. Fargo, N. D.

Always bear in mind that there is nothing for the hair that can compare with Parisian Sage. There are many imitations but none of them are guaranteed to eradicate dandruff, stop falling hair and itching scalp in two weeks, or money back.

STANDARD OIL TO OBEY DECREE

Octopus Decides Not to Defy Order of Court.

COMPANY TO BE REORGANIZED

Attorneys Say Plans Cannot Be Perfected Until They Have Carefully Studied Text of Chief Justice White's Opinion—Cabinet Considers Case.

New York, May 17.—The first word came from the Standard Oil company on the decision against it of the United States supreme court. It makes two points clear:

First, that there will be no contumacy by the company—it purposes to obey the decree; and, second, that it will be some time before any plans of reorganization are given out. The company has insisted throughout that no plans had been formulated in advance of the decree and the statement made by Mortimer F. Elliott, general solicitor for the company, takes the same atttitude. He said:

"Having only before us the press reports of Chief Justice White's oral opinion and the remarks of Justice Harlan, and not having yet seen the opinion of the court in full, it is impossible to make any lengthy statement. The full opinion must be read and studied by my associates and myself before it can be intelligently dealt with.

"It may, however, be now said that the Standard Oil company will obey the decree of the court, and that all the companies embraced in the court's decree will carry on their business as usual under the direction of their own officers and through their own corporate organizations."

New York Market Is Buoyant.

New York, May 17.—Tha stock market opened strong. On the curb a sale of 100 shares of Standard Oil was reported at 675, a decline of 4¾ points. The general list on the exchange remained firm and followed the London market, where the tone toward the closing was almost buoyant. A significant feature was the heavy direct buying of bonds and high grade stocks. Leading banking interests regarded the opinion of the court as a compromise, milder in tone than they had expected.

Cabinet Considers Oil Case.

Washington, May 17.—Attorney General Wickersham may consider criminal prosecution for the officials of the Standard Oil company. It is said that in event the oil trust officials should plead immunity under the statute of limitations the government could take the position that the combination in restraint of trade was a continuing conspiracy until the moment the court orders it dissolved.

GOMPERS CASE IS REOPENED

Court of District of Columbia Initiates Contempt Proceedings.

Washington, May 17.—The supreme court of the District of Columbia, on its own initiative, instituted proceedings for alleged contempt against President Samuel Gompers, Vice President John Mitchell and Secretary Frank Morrison of the American Federation of Labor. The sentences of imprisonment imposed on these men by this court were revoked by the United States supreme court and the case remanded to the District supreme court.

Banker Found Dead in Corn Crib.

Seward, Neb., May 17.—C. W. Barkley, for thirty years cashier of the State bank of Seward, was found dead in a corn crib near here with a bullet hole through his brain. He disappeared from his home about 6 o'clock a. m. and a search was immediately instituted. His accounts are said to be in good condition.

Lorimer Case Postponed.

Washington, May 17.—Contrary to expectations, the Lorimer bribery case did not come up for discussion in the senate. Senator La Follette decided not to call up his resolution for a reopening of the investigation of the scandal until after the formal conclusion of the inquiry carried on by the Helm committee of the Illinois senate.

House Demands Inquiry Into Steel.

Washington, May 17.—An investigation of the United States Steel corporation was ordered by the house, when it passed without opposition the Stanley resolution providing for such an inquiry. A committee of nine members, to be selected by the house, will be authorized to conduct the investigation.

Mrs. Taft Much Improved.

New York, May 17.—Improvement in the condition of Mrs. Taft, who was stricken with a return of a nervous trouble here Saturday night, continues. Dr. Evans, who is attending her, said he anticipated nothing to interfere with her plans of returning to Washington tomorrow.

Senate Fails to Elect.

Washington, May 17.—The senate again failed to elect a president pro tempore. The vote on the two ballots taken was as follows: Gallinger 29; Bacon, 30; Clapp, 7; Lodge, 1; Tillman, 1.

Miss Georgia Hawkins returned to her home in Kansas City Wednesday morning, after a visit with relatives. She was accompanied home by her grandmother, Mrs. Jacob Kissinger, who will visit there a few months.

BIG AIRSHIP IS WRECKED

Latest Creation of Zeppelin Torn to Pieces by Wind.

PASSENGERS AND CREW SAFE

Violent Gust of Wind Lifts It Bodily and Drops It on Roof of Its Shed With Back Broken—Its Destruction Is Complete.

Dusseldorf, Rhenish Prussia, May 17.—After a career of six weeks, the Deutschland, latest of the models of Count Zeppelin's ill-fated dirigible ballons, stranded on the roof of its shed, a total wreck. The crew and passengers escaped injury.

The finish of the airship was less spectacular than that of its predecessors, but more complete. The accident occurred as the Deutschland was being released for a passenger trip. Eight passengers, four men and four women, had seated themselves in the cabin, the crew members were at their posts, and 200 men on the ground clung to the guide ropes as the powerful craft slowly emerged from its berth and, under pressure of over 500,000 cubic feet of gas, struggled to be free.

Just as the airship cleared the shed a violent gust of wind drove it back against the entrance. At the impact several balloonettes burst and the re-

leased gas destroyed the equilibrium. The army of men at the guide ropes clung on desperately, but were powerless against the wind, and another gust lifted the airship bodily. It dropped on the roof of the shed, its back broken and the hull left dangling over one edge.

In this position the crew and passengers were left helpless until a fire brigade, hurriedly summoned to the scene, ran ladders to the top of the balloon shed and pulled them out of the wreck.

The Deutschland was built to replace in the passenger airship service the earlier craft of the same name, which went to its end in the Teutoburgian forest on June 28 last. The motors and the vertical steering planes of the original Deutschland were saved and utilized in the construction of its successor. The latter made its maiden flight on March 30 last and had since made a number of successful trips. This is the sixth serious accident which has befallen the Zeppelin dirigibles. The Zeppelin I., Zeppelin II., Zeppelin III., Zeppelin IV., the Deutschland and the New Deutschland all have come to grief after short but brilliant lives.

TILT IN SENATE COMMITTEE

Stone and Gallinger Have Warm Interchange Over Calling Witnesses.

Washington, May 17.—The senate finance committee engaged in a somewhat heated tilt over the subject of Canadian reciprocity witnesses. Senator Stone of Missouri asked when Allen and Graham, said to be New York attorneys and representing the National Grange, were to appear in response to his request that they be summoned to tell of their employment by interests opposed to reciprocity. He asked if the attorneys had been notified and was told they had been.

Senator Gallinger, in turn, demanded that "some of those who have made vigorous efforts to accelerate public opinion in favor of reciprocity" should be asked to appear before the committee.

Senator Williams retorted that President Taft ought to be summoned to testify to what he had done "to accelerate public opinion" on the question.

Senator Gallinger asked that John Norris and Herman Ridder, representative of the American Publishers' association, be requested to appear before the committee and tell what their organization had done to hold the reciprocity sentiment.

Samuel H. Cowan, the cattle raisers' attorney, continued his testimony in opposition to the removal of the duty on meats.

Swope. The bond of $50,000 on which the physician was released from jail on a writ of habeas corpus by the circuit judges was continued in force by Judge Latshaw.

The patterns are all different—no two alike.

In the Ready to Wear Section

We are showing a very complete line of ladies' dresses, made from this season's approved materials, and in the season's popular styles. These dresses were selected from the best manufactures in New York City, and that too at the most opportune time when latest designs were being shown.

A personal inspection of our showing in this department will demonstrate to you that it costs no more to buy a dress made for service and appearance too than it does to buy one made hurriedly "or just to sell."

If it's just a house dress for $1.00 or an afternoon dress for $1.50 or a street dress for $3.00 or for more pretentious occasions and you want a nifty gown for from $5.00 to $15.00 or if it's made from marquisette and combinations of other harmonizing materials at from $6.50 to $25.00 or if it's made from dainty lawns and embroidery and laces, materials that appeal to each and every lady for from $4.00 to $35.00, or a handsome foulard silk dress from $10.00 to $25.00—believe us we are showing the most pretentious line for your selection to be seen in the city.

Our line is complete in two piece dresses, wrappers, and dressing sacques in materials, styles and prices. We feel sure in many instances the materials would cost you as much as we are asking for the garment "ready to wear" and you save the worry of making.

Ladies' Voile and Panama Skirts

Our showing in this line we feel sure will be to your liking, quality, style and price are the three attractive features.

Shirt Waists

If you have but a dollar to invest in a waist you will find a most satisfactory investment here, the price range is $1.00 to $5.00 and the selections are desirable.

Ladies', Misses' and Children's Oxfords and Pumps

We sell the dependable kind and attractive shapes—none made better. $1.90 buys a handsome patent two strap pump, and $3.00 buys a patent pump, or pumps made from velvet and suede. We have shapes that will appeal to every lady that likes handsome footwear. If you wear a DUTTENHOFFER shoe or oxford you are wearing the best.

46 pairs of ladies patent kid and vici kid oxfords, size 2½ to 4½, value $3.00 and they are worth $3.00, but we are offering your choice for $2.00. Every pair is perfect and the style correct, but too many small size is the cause.

ARMISTICE WILL BE ORDERED SOON

Cessation of Mexican Hostilities is Expected Hourly.

Juarez, Mex., May 17.—Within twenty-four hours a general armistice throughout Mexico will be declared by the federal government and the revolutionists. The peace proposals which have passed back and forth during the day reached a point where their acceptance by the insurrectos was only a matter of a few hours. This information was vouchsafed by one of the insurrecto chiefs, who received word of the government's proposals.

It is rumored that the cabinet portfolios of minister of justice and minister of gobernacion will be filled by the insurrectos, but that a compromise has been reached on the portfolio of war, a man mutually acceptable to both sides to be chosen. The governors to be named by the insurrectos probably will be fourteen in number.

Stimson Nomination Confirmed.

Washington, May 17.—Henry L. Stimson of New York was confirmed by the senate to be secretary of war, to succeed Jacob M. Dickinson. The senate also confirmed Francis W. Bierd to be appraiser of merchandise in the district of New York, succeeding George W. Wanamaker, resigned.

Police and Strikers Clash.

Grand Rapids, Mich., May 17.—Nearly 100 people were injured, several probably fatally, when a mob of nearly 2,000 striking furniture workers and sympathizers clashed with the police. Many shots were fired.

ASKS POPULAR BIDS FOR BONDS

Secretary MacVeagh Invites People to Invest.

SMALL BIDDERS PREFERRED.

Issue for Canal Expenses Expected to Be Largely Oversubscribed at Once. Not Available to National Banks as Circulation Basis.

Washington, May 17.—Secretary MacVeagh invited popular subscriptions to a $50,000,000 issue of government bonds, to reimburse the treasury general fund for expenditure on account of the Panama canal.

Treasury officials expect the loan will be largely overscribed and in distributing the new securities the government's announced intention is to give preference to smaller bidders.

The new securities will bear 3 per cent interest, payable quarterly, will be free from all national, state and municipal taxation and will be in denominations of $100, $500 and $1,000. They will be dated June 1, 1911, and will be payable in fifty years.

By provision of law the bonds will not be available to national banks as the basis of circulation. Inasmuch as this is the first time the United States has ever issued bonds with such a restriction, much interest is attached to the price they will bring.

According to law they cannot be sold at less than par. The premium which they can command will reflect the national credit of the United States as compared with that of the nations of Europe.

Inasmuch as the postal savings bank law fixes the par value of a postal bank bond bearing 2½ per cent interest at $100, it is agreed that the 3 per cent Panama canal bonds must bring more than par. How much more is conjecture. The estimates range from slightly above par to 103.

Checks and postal orders will be accepted for the new bonds—something which never has been done before. Although the issue is designed for private bankers, national banks which bid for the bonds will be allowed to deposit them as security for government deposits.

J., May 17.—Prominent among the matters to be taken up by the general assembly of the Presbyterian church, which meets for its 123d annual session here tomorrow, will be the question of alleged heretic utterances by several clergyman; the reduction of representation, both lay and clergy; the grouping of the several boards that carry on the work of the church organization, and the question of adopting an intermediate catechism.

Brakeman Killed at Columbus.

Columbus, Neb., May 17.—John E Piersall, a Union Pacific brakeman, was caught between the cars while making a coupling and died at St. Mary's hospital from his injuries. The accident was caused by the slack in the train catching him while he was adjusting a knuckle.

Engineer Killed in Wreck.

Springfield, Mo., May 17.—Engineer William Shaw was killed and two passengers and an express messenger were injured when St. Louis and San Francisco passenger train No. 5 was wrecked near Garfield, Ark.

C. H. Hyde Pleads Not Guilty.

New York, May 17.—Charles H. Hyde, the city chamberlain, pleaded not guilty to an indictment superceding the original indictment against him and was given until May 26 to change his plea.

A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles

Who does not know the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than sage and sulphur, if properly prepared. The Wyeth Chemical Company of New York put up an ideal remedy of this kind, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.
